

Student Accommodation Guest Request

Residents may, in exceptional circumstances, seek authority for a guest to stay for a strictly limited time. Such requests must be submitted with sufficient notice (at least 7 working days) for approval to the respective Dean of the College or the Operations Manager (for the Apartments and University Terraces only). You'll need to organise your own mattress for guests.

As per your licence agreement, you're responsible for the conduct & behaviour of your guests. Accommodation charges may apply if an unauthorised guest is found to have occupied a room. You must accompany your guests at all times.
