## 7. Additional Resources and Support

<b>Text Books</b>	Halliday, D., Resnick, R., & Walker, J. (2018). <i>Fundamentals of Physics</i> , John Wiley & Sons. 11th Edition. Note: The library has an eBook version of this. The link is provided in the Moodle site. Alternatively, the book can be purchased from the bookstore: <a href="http://www.wiley.com.au/fundamentals-of-physics-11th-edition">http://www.wiley.com.au/fundamentals-of-physics-11th-edition/</a>
<b>Course Manual</b>	Lab manual will be handed out in the first lab class. All materials available in Moodle.
<b>Required Readings</b>	

!

## 9. Course Evaluation and Development

!

## 10. Administration Matters

### Expectations of Students

There is an assumption that students will spend 150 hours in total working on course materials for this course. Recommended allocations of this time are outlined in the table on pages 6-9.

# !

## 11. Academic integrity, referencing and plagiarism

>)"-)\* /.\* 4 is a way of acknowledging the sources of information that you use to research your assignments. You need to provide a reference whenever you draw on someone else's words, ideas or research. Not referencing other people's work can constitute plagiarism.

Further information about referencing styles can be located at [student.unsw.edu.au/referencing](http://student.unsw.edu.au/referencing)
